

# Mission-Ready TAK – From the Cloud to the Fight.

Stop building from scratch. Our secure cloud-based TAK server gives your agency a fully managed, FedRAMP-certified or ATO-backed platform ready to operate on day one.

What's in the box:

- Dedicated TAK Server + backup with automatic failover
  - RHEL OS + Watchtower license – 12 months
  - IL5 federation within 48 hrs of request
- 100 device certificates + MDM + Global API routing
  - Provisioning of 100 agency-issued devices
- Access to all TAK.gov approved plug-ins within 48 hrs
  - Help desk with 24-hr response
  - 3-day on-site CONUS training
- ATO paperwork prep or full ATO completion + yearly renewable cybersecurity support

Your agency sets the compliance path. We deliver the infrastructure, training, and support to keep it running
